Subject: Re: Lansing Rod and Gun Club - extension request (Docket No. RCRA-02-2016-7301) [IWOV-Active.FID1716645]

Dear Messrs. Paul and Oropallo, et al

This is to acknowledge receipt of the email you transmitted on Monday, June 25, 2018, to update EPA with regard to the Club obtaining the necessary permits, variances, etc. to begin to reconfigure the range at the Club's site.

Thank you for advising EPA that it has been determined that Club does not need to have a Special Use permit from the Town of Lansing since the Club's use of the property is a preexisting nonconforming use since 1955.

Please be advised that I have been out on leave and returned to the office today. I am awaiting word from two of our managers regarding approval of the Club's request for an extension of the deadlines in paragraph 27 of the Order.

While, I do not believe my managers will object to granting the extension. I do believe that the lack of information in the Club's May 24, 2018 letter regarding what steps or action the Club is planning to take to cease lead shot from going into Salmon Creek and the nearby wetlands while the work is going forward to reconfigure the ranges will be of great concern to them.

Thank you again for keeping EPA updated on the Club's progress regarding reconfiguration of the Club's range. This is good news.

Sincerely,

Melva J. Hayden

Information Request _ Lansing Rod _ Gun Club _ 319367_3074756 _Email _319367_3074756_

Subject: FW: Lansing Rod and Gun Club - extension request (Docket No. RCRA-02-2016-7301) [IWOV-Active.FID1716645]

Ms. Hayden:

In an effort to keep USEPA up to date on the progress the Club is making, and to supplement our previous request for the pending extension request, we wanted to make you aware that the Club has concluded that a Special Use Permit from the Town of Lansing is not necessary for the range realignment and has communicated same to the Town Planning Board and the Town's counsel. The Club's use of the property since 1955 is a preexisting nonconforming use. Accordingly, the Club will proceed with the realignment forthwith subject to any applicable ministerial local approvals (e.g. building permits).

We will endeavor to apprise you of any further developments. In the meantime, please do not hesitate to contact us with any questions or concerns.

Thank you,

Tom
